

## A close-up photograph of the interior of a metal safe. The door is open, revealing the internal mechanism. On the left, there is a combination dial with a black face and white numbers. To its right is a large, circular, silver-colored locking bolt. Further right, another similar locking bolt is visible. The safe's interior is made of polished metal, and the door has a heavy, reinforced structure.

**ROUGH IN**

Side View Dimensions:

- COLD INLET: 1 1/4"
- Hot Water Outlet: 3"
- Hot Water Inlet: 1 1/4"
- Distance from Cold Inlet to Wall: 5 1/2"
- Distance from Hot Water Inlet to Wall: 5 1/16"
- Distance from Wall to End of Unit: 2 1/2"
- Overall Length: 6"
- WALL THICKNESS

Front View Dimensions:

- Height: 6 1/2"
- Width: 12 5/16"
- Labels: WATER, HOT OR COLD

Rear View Dimensions:

- Width: 11 5/16"

Formulas:

- OAL = Wall Thickness + Inlet
- Close Coupled OAL = 9"
